Collective bookings are an advantage if you want to be with certain persons in a hut rooms!!

Camp beds for the huts are supplied, but must be set up!

The organizers reserve the right to fill up huts & rooms that are not fully occupied, and we may need to separate groups but we will try to avoid doing this.! The huts are for a maximum of 8 people but are big enough for 10.

There are only a limited number of huts/rooms – this will be worked out after the reservations have been made.

I hereby book people in beds in huts – I accept that only the maximum number of people can occupy the rooms. The beds are only booked after this reservation is confirmed by the organizers.

Just for statistics – I was present at the following rallies (mark with a cross)
