Replies by: **Please reply by 15th April 2010** to the above address or by email or telephone.

We wish you freedom and hope the bike starts and look forward to a lively rally.

Additional: **There is a natural swimming pool at the site, parents are reminded that they are exclusively responsible for their children!!!**

The organizers do not take any responsibility for people, accidents and financial damages before, during and after the meeting.

Note: We would also prefer if the rally was on a green field and no charge would be made. But it is nearly impossible to find a sufficient sized place ! Rallies on camp sites are usually more expensive !
